Celebrating 15 Years of Quality Education

Dear Prospective Student:

We are celebrating our 15th year of being able to offer an extension of Vision International University of Florida (VIUF) in your area, with courses available in English and Spanish. The main headquarters of VIEN are located in Ramona, California and is serving thousands of students since 1974. We have extensions throughout the United States and many other parts of the world.

The decision to further one's education is not an easy one, especially when you have to consider your time schedule and the high costs of education today. In an informal review of Christian universities in the U.S., we have seen the range of tuition fees from \$6,000 to \$15,000 per year or more. This is one of the reasons why VIUF has chosen the *Distance Learning model of education*. With our non-traditional approach to education we cut out the higher costs of faculty, extra staff, library acquisitions, buildings and grounds, etc. We bring the educational program to you, the highly motivated student who cannot afford in either time or money the standard educational program.

Vision International University of Florida also offers a Correspondence Program to students who cannot attend the seminars. Students are given the opportunity to earn Certificates and Diplomas at their own pace of study. Your enrollment at VIUF can be the key to the fulfillment and enhancement of your calling to the ministry and the business world.
